

QLEEN

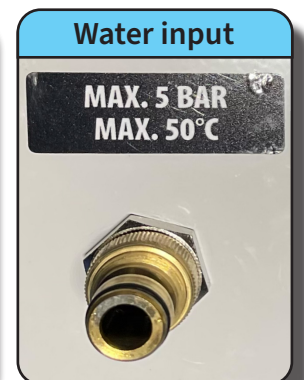

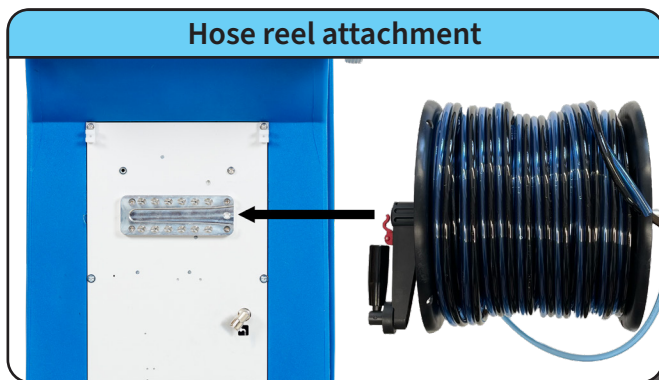

PURE WATER CLEANING SYSTEMS

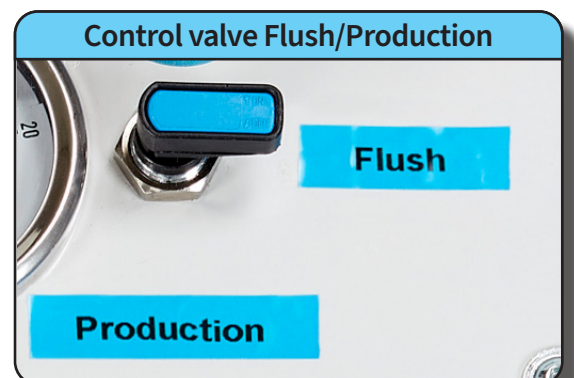

Quick Guide QLEEN Osmosis System

1. Assembly

- 1.1 Push the hose reel in from right to left and lock it in place
- 1.2 Connect the blue hose on the side of the hose reel to the rear panel
- 1.3 Connect the **water input** to the house water connection via a Gardena hose

- 1.4 Connect the concentrate hose to the **concentrate output**, the water is only enriched with salts and can be discharged without hesitation
- 1.5 Plug in the mains plug, the **control switch** lights up blue and the machine is ready for operation
- 1.6 Open the water supply from the house water connection
- 1.7 Set the **control valve Flush/Production** to Flush
- 1.8 Set the **control switch** to forward  and rinse the filters for 2 min
- 1.9 Set the **control switch** to radio  and switch off the machine

2. Cleaning

- 2.1 Set the control valve Flush/Production to Production.
- 2.2 Unroll the hose, attach it to the QLEEN poles and connect it to the washing brush or ROTAQLEEN
- 2.3 Connect the ROTAQLEEN drum to the ROTAQLEEN socket on the machine
- 2.4 Press the **power button**  on the **remote control** to turn on the machine, the pump will be activated and the ROTAQLEEN will start in forward mode
- 2.5 To change the direction of the ROTAQLEEN, press the **direction button**  on the **remote control**

Attention: During operation the pressure gauge must not show more than 15 bar!

3. Dismounting

- 3.1 Switch off the machine with the **power button**  on the **remote control**
- 3.2 Set the control valve Flush/Production to Flush
- 3.3 Set the **control switch** to **forward**  and rinse the filters for 2 min
- 3.4 Set the **control switch** to **radio**  and switch off the machine
- 3.5 Disconnect the mains plug, close the water supply and disconnect the connection
- 3.6 Roll up the hose and dismantle the hose reel
